Precinct Organizing Best Practices

January 8, 2010

Dear Leaders of Patriot Organizations,

This is to make you aware of our website which provides detailed, best practices instructions for "Precinct Organizing".

We are not an organization, but rather, two individuals who believe that all patriot organizations must become aware of the "Precinct Organizing" methodology in order to grow their membership in early 2010, gain more political impact, and ultimately, win the 2010 elections. Our goal is to restore Constitutional principles and values. We have done much research on "Precinct Organizing" successes and are making the content available for free and without condition in an effort to do our part in reclaiming our country from career politicians.

"Precinct Organizing", simply stated, is a non-partisan, door-to-door engagement of targeted, likely voters to educate them in the importance and relevance of using Constitutional principles such as limited government, free markets, and individual freedoms, as a basis for candidate selection. With only 20% of the voters being liberal, Democrats gained control of the Presidency, the House, and the Senate in 2008 using this "Precinct Organizing" methodology which they called *Organizing for America*."

To win elections in 2010, Democrats are now planning to pass a *Universal Voter Registration* law, which would unconstitutionally override all state election laws and force states to register everyone to vote who is on welfare, is unemployed, has a driver's license, or is a property owner. Just as in 2008 with George Soros' *Secretary of State Project* in collaboration with ACORN's *Project Vote, Vote from Home*, and other programs, this is a further attempt to subvert and corrupt the voter registration process. See the following link for more information on this matter - <http://tinyurl.com/y93jska>

To counter these liberal voter registration and Get-Out-the-Vote successes and the forthcoming *Universal Voter Registration* law, it

is imperative that patriot organizations everywhere pursue "Precinct Organizing". Just think what can be accomplished by engaging and mobilizing the 76% of voters who consider themselves Conservatives or Moderates and who have decided to be the "Silent Majority" no more!

"Precinct Organizing" is a process and is not to be confused with certain precinct-related initiatives such as electing Precinct Executives. In fact, "Precinct Organizing" can be used to elect candidates to Precinct Executive positions of either Political Party. While "Precinct Organizing" can impact 2010 elections, Precinct Executives elected in 2010 primaries will not be able to impact Political Party candidate selection and funding until the 2012 elections.

We have given presentations based on our website content to hundreds of organization leaders throughout central, northwest, and northeast Ohio. These presentations have been received with much enthusiasm. An outgrowth of these leadership presentations is a "Train-the-Trainer" seminar which we are hosting on January 23, 2010 in central Ohio. Many organization leaders want to train others in their organizations who are interested in pursuing "Precinct Organizing". Click on the following link for perspective on this training event - <http://tinyurl.com/yh3abuz> . Kimberly Fletcher, of the national *Homemakers of America*, and Tim Cox, from Texas and founder of *GOOOH (Get-Out-Of-Our-House)*, will also be presenting at this seminar.

We would be delighted to conduct a similar "Train-the-Trainer" seminar in your state. Although we do not charge for these presentations, we do ask sponsoring organizations outside of Ohio to pay for out-of-pocket travel expenses. All our time and efforts are provided free for the cause of freedom. If you are unable to sponsor an event, the entire slide show presentation is also available on our website.

We sincerely hope that your organization will pursue "Precinct Organizing" to grow its membership in early 2010, gain more political impact, and ultimately, win the 2010 elections. Please share this e-mail with any patriot organization leaders in your state who need to become aware of the "Precinct Organizing" methodology.

Thank you.

In Liberty,

The Voices of America

Peter Wolf (Cincinnati, Ohio 9/12)
Warren Edstrom (Knox County, Ohio 9/12)
