BIG GOVERNMENT STATE OF THE UNION

ECONOMY

- Fewest people working since 1983
- Food prices rising by over 10 percent
- Struggling housing market
- Highest national debt ever!
- Devalued dollar
- S&P first ever credit warning for U.S.

ENERGY POLICY

- Gas prices approaching highest ever \$4.15/gal
- Higher heating costs
- Lost oil drilling and coal industry jobs
- Lack of cohesive Middle East strategy

HEALTHCARE

- Greater bureaucracy & regulations
- Higher costs
- Fewer choices

SOCIAL SECURITY

- Ponzi scheme, with payouts dependent on receipts. Supposed savings are spent!
- Current outflows exceed collections

EDUCATION

- Higher costs, with poorer student test results
- Teacher unions prosper, while students suffer
