Greetings!

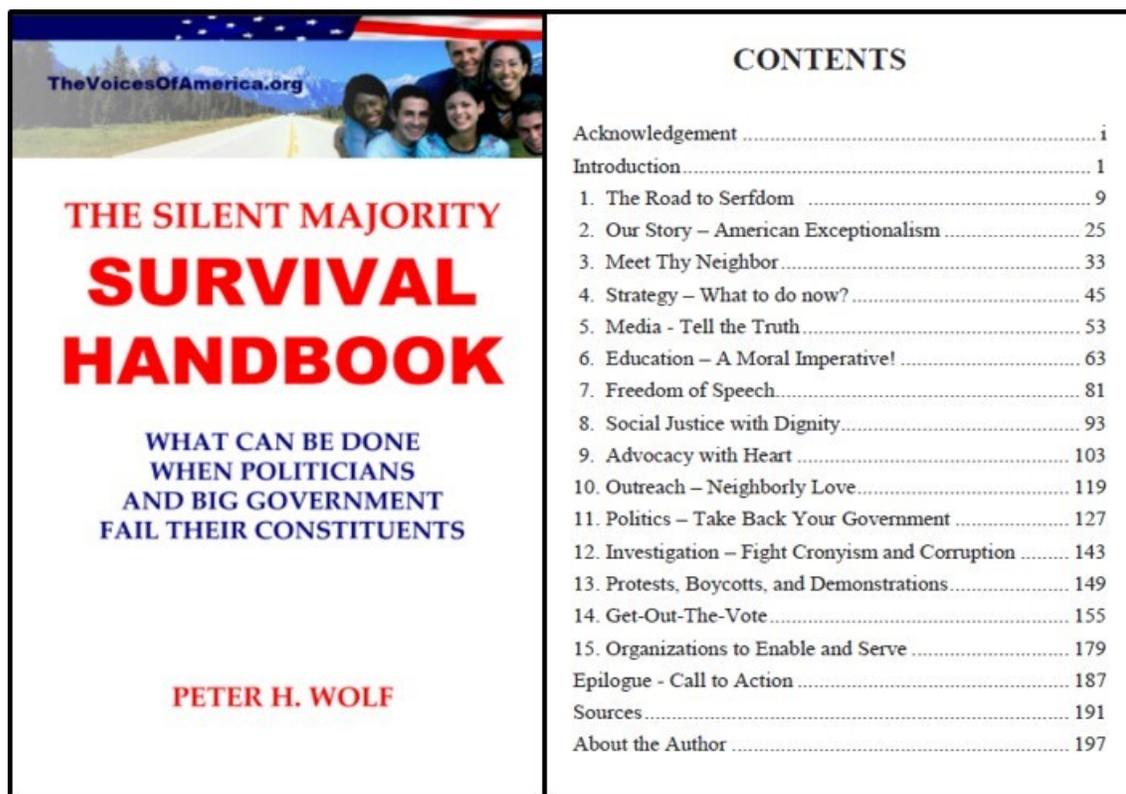

It has been three years since I last communicated with you. Now, due to our country's current perilous predicament in this very important election year, I have decided to again become active in politics.

As many of you are aware, [TheVoicesOfAmerica.org's](#) goal, since its inception in 2009, was to benchmark the most effective Get-Out-The-Vote methods and to make these best practices freely available nationally to liberty-minded individuals and organizations. These methods were effective and helped limited-government politicians win elections in 2010, 2012, and 2014. Unfortunately, it is now apparent that both political parties are complicit in growing Big Government with an objective to consolidate power over us and exploit us through the power and enormous resources of government.

Consequently, we can no longer just focus on winning elections, but must defend and preserve American Exceptionalism and America's founding principles by engaging the opposition at all times and on all fronts, i.e., socially, culturally, economically, and politically. In essence, we must once again fight to limit government's power over our lives, preserve our individual liberty, and foster prosperity for younger people and future generations.

It is for this reason that I decided to write [The Silent Majority SURVIVAL HANDBOOK](#). Based on extensive research, this book will teach you many proven strategies and tactics that anyone can pursue to grow and motivate the Silent Majority and take back our country from the political elite. You will learn how to challenge the prevailing Big Government initiatives and propaganda espoused by elites. The techniques are based on the same methods and actions used successfully by an ever-expanding army of paid

Progressive Community Organizers who advocate year-round for a more powerful centralized government.

[The Silent Majority SURVIVAL HANDBOOK](#) will answer the following key questions:

- Who are these Community Organizers and how are they funded?
- How do Progressives grow their movement and how can we learn from their methods?
- Where did political correctness come from and what is its goal?
- Why do those who advocate for Big Government protest so much?
- How can we fulfill our moral imperative of properly educating children?
- Why do politicians want to divide us when we have so much in common?
- How can we reach out to others with compassion, logic, and truth?
- How can we overcome media bias to learn the truth?

[The Silent Majority SURVIVAL HANDBOOK](#) can be purchased on Amazon as a paperback or in a Kindle digital format. Amazon's "Look Inside" feature will allow you a complimentary free preview of the *Introduction* (Paperback & Kindle), and of *Chapter 1: The Road to Serfdom* (Kindle only). All book proceeds, consistent with the self-funding approach of [TheVoicesOfAmerica.org](#), will be used to offset our expenses.

You might also be interested in the [video of my recent presentation](#) to the [West Chester Tea Party](#) in Ohio. Just click on the "video" hyperlink in the previous sentence. The total video is one hour long. In the first half, I cover Get-Out-The-Vote, given this is an election

year, while in the second half of the video, I cover a few of the most important elements of the book. The presentation was well-received.

While you may be tempted to think that your individual actions will not make a difference, the cumulative effect of all of those in the Silent Majority throughout our nation's neighborhoods will be immense. We must act before it is too late! The Silent Majority has many more people than those who are incited by Community Organizers, but the Silent Majority must become passionate and motivated to act in order for American Exceptionalism to prevail!

Please share this newsletter broadly with your relatives, friends, neighbors, organization, and associates. We must ensure that all like-minded liberty-oriented individuals and organizations become aware of what they can do to preserve American Exceptionalism.

In liberty,

Peter H. Wolf, on behalf of
